

# MONARCH EMERGENCY LIGHT

*The Monarch Emergency light Series is an attractive emergency lighting unit with soft rounded corners and adjustable square heads.*

## APPLICATION

Suitable for use in almost any commercial or light industrial application.

## HOUSING

The housing is made of injection molded thermoplastic, making it impact resistant and corrosion proof. UL 94-5V rated.

## MOUNTING

The back mounting plate is made of injection molded thermoplastic. It has a molded in universal J-Box mounting pattern and keyhole slots. The main housing snaps on to the back plate for quick and easy installation.

## HEADS

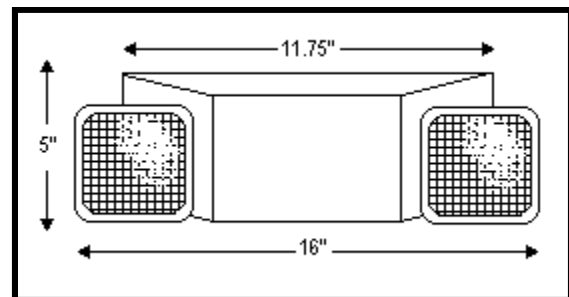

Two attractive square shaped heads with rounded corners are adjustable, allowing the end user to direct the light where it will be most useful. The heads contain 6 volt, 5.4 watt, T-5 incandescent lamps.

EX: MON-EMER-B

| UNIT SERIES                            | OPERATION           | LAMP WATTS | LAMP V DC | UNIT COLOR         |
|--|---------------------|------------|-----------|--------------------|
| MON-EMER<br>MONACRH<br>EMERGENCY LIGHT | 90 MINUTE<br>BACKUP | 2 x 5.4    | 6         | W WHITE<br>B BLACK |

## ELECTRICAL/BATTERY

- Dual voltage input 120/277 VAC, 60 Hz.
- Maintenance free, sealed lead calcium battery provides 90 minutes of emergency operation; 6V 4.2 ah with a maximum full recharge time of 48 hours.
- Low voltage disconnect of battery prevents deep discharge and maintains a good battery life.
- Fully automatic, solid state charger.
- Test switch with LED charge indicator / AC voltage indicator
- Line latching feature prevents the unit from turning on during installation to a non-energized AC circuit. Saves labor since the installer does not have to connect the battery terminals once the building is energized.

## AGENCY APPROVAL

U.L. 924 Listed for damp locations.  
Life Safety NFPA 101.

## WARRANTY

The Monarch Series comes from the factory with an unconditional five year warranty on the electronics. The battery comes with a 3-year full, 2-year pro-rata warranty.
